HYDRAULIC SEMI-AUTOMATIC

VHC-325SA

CIRCULAR COLD SAW

VERTICAL COLUMN

A must for Fabricators

Vertical column cold saws provide a vibration free , ridged and accurate means of cutting heavy sections and solids . Double vise assures a square burr free close tolerance cut.

Specifications:

HP	3hp 2pole 4hp 4pole
Electrical:	220/3ph or 440/3ph
(specify one)	15.75(400mm)
Max blade	1.25(32mm)
Blade bore	2mm×11mm dia PCD 63mm
Pin holes	52/26RPM
Spindle RPM	
Max vise opening 6 3/8"	clamps both sides of cut
Double clamp	45° L, 30° R
Head swivel	1/8hp
Coolant pump motor	
Hyd pump motor 2hp	30"1×42 1/2" w×75"h
Machine dimensions	1,320lb
Weight	

Standard Equipment

- Complete cooling system
- Adjustable stop (20" capacity)
- See thru guard
- Double clamp
- Tools
- Manual
